REPORT OF SUPERINTENDENT

The Darlington County School District (DCSD) is a countywide district serving more than 10,200 students in 23 schools. All schools and the district are fully accredited on the state and national level by the Southern Association of Colleges & Schools/AdvancED and the SC Department of Education.

Our District believes in providing challenging educational experiences for all children. In addition to regular classes, DCSD offers elementary and middle school magnet programs in the arts, science & technology. Three high schools offer challenging academic magnet programs, including an International Baccalaureate School. One high school offers students the chance to earn college credit and a possible college degree along with a high school diploma. Our district has established a one-of-a-kind public-private partnership with Sonoco, Coker College, Yale University and the South Carolina Governor's School for Science & Mathematics (SCGSSM) to offer Hartsville students advanced and college-level arts and sciences courses, as well as the Comer School Development Program. For students who struggle academically, our district offers interventionists and computer-assisted learning.

We believe that exceptional educators are the key to a student's success. Our employees are dedicated and committed to providing our students with the best educational opportunities available. The district supports a comprehensive program of professional development, including an on-demand, online professional development program customized to each teacher's individual needs.

Darlington County School District is committed to providing a technology-rich education. Through our comprehensive technology plan, all core curriculum teachers have laptop computers and document cameras. All schools are wired for the Internet, with some featuring wireless laptop computer labs, computer-based programs to evaluate and differentiate instruction, online coursework, and/or online credit-recovery tools for our students. All of our schools also have interactive whiteboards in the classrooms. The iTel (Individual Technology for Every Learner) Pilot Program allows teachers to implement personal learning systems for our students and provides one-to-one mobile computing devices for students. Once the pilot program is fully implemented, all our students will have one-to-one mobile computing devices. Our new robotics program will strengthen our STEM offerings at every level while providing students with new ways to explore science, math, technology and engineering.

We are proud of our many successes. DCSD's graduation rate is the highest in the state (93.4%) and the district ranks 4th in the state in terms of academic achievement, according to the SC Department of Education. Our drop-out rate is 0.4%, the 4th lowest rate in the state. Ten schools earned Palmetto Gold and Silver awards, which recognize high levels of academic achievement and high rates of student academic improvement. This year our seniors earned more than $14.8 million in scholarships. We are proud of our students and staff!

Dr. Eddie Ingram
